Instructions

If you have any questions please e-mail us at rbtconestoga@charter.net or call us at (231) 264-9665.

Customer Information

- Fill in all header information to insure that we can contact you about quote request.

Cabinet Systems Information

1. **Cabinet Line** - Select between the [Advantage](#) and [Essence](#) line by checking the appropriate box.
 - You may order wood shelves with the Advantage line by checking the box with the asterisk.
2. **Specie** - Select among the species available by checking the appropriate box.
 - Cabinet front frames will be manufactured using standard grade material in all cases unless a custom front frame is ordered.
 - Not all door styles are available in every specie.
4. **Overlay** - Select among the overlay options by checking the appropriate box.
 - Overlay refers to, how much the cabinet door covers the opening. Example: For a W1230 wall cabinet, is 12" wide by 30" tall, and the opening in the front frame is 9" wide by 27" tall, so a 1/2" overlay door would be 10" wide by 28" tall, since it would be bigger than the opening by 1/2" on all (4) sides of the door.
6. **Doors** - Select the style of the door by checking the appropriate box.
 - Please note there are separate columns for Wall and Base Door Designs.
 - If you are choosing a door style other than those listed, use the lower portion of the form to order custom door designs.
7. **Drawer Fronts** - Select the style of the front by checking the appropriate box.
 - If you are choosing a drawer front style other than those listed, use the lower portion of the form to order custom drawer front designs (custom material pricing applies).
8. **Edge Profile** - Select the edge profile by checking the appropriate box.
10. **Drawer Boxes/Drawer Slides**.
 - Birch is the standard specie for drawer boxes. Hard Maple, Soft Maple and many alternative species are available, upcharges apply.
11. **Toeboard Backer** - Is 1/2" thick material that is added to the recessed toe-kick area of the cabinet, and provides strength, and a wider nailing and/or gluing surface for installing our 4" x 96" x 1/2" thick continuous toe-kick material.
 - Cabinets are priced without toeboards and carry an upcharge if toeboards are ordered.

Custom Door and Drawer Front Information

- Use this section if you are ordering any door or drawer front design that is not listed on the upper portion of the quote request form.
- See our website for a listing of the available [framing beads](#), [edge panels](#), and [panel raises](#).

Options

- Please indicate any special options that pertain to the entire order in this area. Finishing (for doors and drawer fronts) may be entered here.
- Indicate if you want cabinets, door and drawer fronts, or all parts finished.
- Select finish and glaze combination. See our web site for samples of various combinations.
- If you are unfamiliar with Hinge Drilling, leave this blank and we will discuss this when we review your order.

Cabinets

- Please list each [cabinet](#) that you wish to purchase here. Make notes about options and special instructions you have for each cabinet in the corresponding columns.
- If you need more cabinets than the form allows, please print and include additional copies of this page.

Exposed and Flush Ends

- Determine if you want the visible ends of your cabinets to be 1/2" Exposed or 11/16" Flush Ends. (See the Options section of your Cabinet Systems Manual for specifications.)
- Choose either option by writing in "L" for left side, "R" for right side, or "B" for both sides under the appropriate column. Please list L, R or B so your Customer Service Representative will know which side(s) you are specifying. If you choose left or right, the opposite side will be the standard 1/2" side for the particular line of cabinets you have chosen. For examples, see the Pricing/Ordering Information section of the Cabinet Systems Manual.
- Cabinets can be ordered with exposed ends on one side and flush ends on the other.

Special Instructions

- Use the special instructions area to indicate modifications or options for each cabinet. See the Options section of the Cabinet Systems Manual for all available options, including these examples:
 - Extended Stiles
 - Matching Interior (Advantage line only)
 - Flush Toe
 - Pull-Out-Trays
- Additional options that can be specified in this area include Lazy Susan and Soss Hinge where applicable, No Shelf, No Front Frame, No Drawer Slides, Frame Only Doors, etc.
- Remaining space can be used to order any item not listed on this form. Please note that order forms are available for many of our ancillary products.

Notes

- Enter any notes that you have about your order here.

Site Diagram

- Please use the graph paper supplied, to make an accurate drawing of your kitchen or bath. Please use the [planning guide](#) on our website to make an accurate diagram.

Miscellaneous Items

- Please attach additional pages to order any items not listed on this form. Please note that order forms are available for many of you ancillary products.

Send Form to Us

- Please Scan and email the completed form (at least the first page) to rbtConestoga@charter.net or fax the completed form to us at (231) 264-6560. We will review the form and get back to you as soon as possible, usually with 24 hours.
